

Dear Parents

I hope that this note finds you and your family well and strong. The challenges we are facing in our community have had a impact on all of us in one way or another. I think about the impact this is having on our students and it concerns me as well as saddens me that our educational atmosphere has been so drastically interrupted. It is my commitment and determination that we will redeem the time that is lost in this school year, and see our students become stronger than ever in their education.

I realize that “home” school has presented many unique challenges to our families. Our staff have discussed options, revised our plans and modified content to meet the needs of all students. Even so, I know that this has been a difficult road. I want you to know that we are doing everything possible to make this work for everyone. If you need anything, please reach out to me or your child’s teacher. Many of you have done that, enabling us to adjust the work to benefit the student. Thank you for reaching out.

Our goal is to see every student succeed, and your teachers are willing to go the extra mile to see to it that they do succeed. We are working together, now more than ever, to reach a goal of learning. We are using many resources that may not have been the norm for our campus, but due to this turn of events, we have gathered every resource we thought would help us meet this challenge successfully. We have also made lessons on paper available to students that do not have computer access or that just felt they would be more successful with that format. We are constantly reviewing how we are presenting lessons, listening to your comments, and those of our students. As we see a need for changes, we make those changes.

We will continue to follow the necessary guidelines to assure the safety of all of our ALCS families. I will keep you updated as soon as new information is available. Until that time, we will continue doing “home” school and working together to do that with excellence. I want you to know that I understand your challenges in this, and I only ask that you do the best that you can. Encourage your child to do their best, give their best effort and take pride in every assignment they complete. We have what it takes to be a winner in this battle!

It is vital that you encourage your child to complete the assignments provided by teachers. In order for them to complete the year and advance to the next grade, the assignments must be completed. Every school in the state is following these guidelines, so please understand the necessity of work completion in a timely manner.

If you need to talk to me, please contact the school at 409-935-8773. The phones are forwarded to me, so I will answer your call. The office is open every Friday from 10:00-12:00, so if you would like to stop by to take care of any business or pick up lessons for your child, we will be on campus during that time. You can also email us at [abundantlifechristianschool@alcc.org](mailto:abundantlifechristianschool@alcc.org).

Thank you for working with us, for being a part of the ALCS family, and for doing all you are doing for your child.

Sincerely,  
Mrs. Hallam
